INVITATION

The 4th International ALA and Porphyrin Symposium (IAPS4) will be held at Ryoujun Hall of Nagasaki University School of Medicine on December 11, 2016. This symposium will be hosted and chaired by Dr. Kiyoshi Kita, Dean and Professor of Nagasaki University School of Tropical Medicine and Global Health. The Advisory and Organizing Committee cordially invites you to attend the Symposium and participate in its scientific and social programs. The main theme of the Symposium will be on “Innovation for Global Health by Research on 5-Aminolevulinic Acid (ALA) and Porphyrin”. This Symposium will provide a forum in the science of ALA and Porphyrins and related compounds not only to present the recent studies but also to hold discussions on new perspectives in the 21st century. The Advisory and Organizing Committee hope to organize a symposium both instructive and memorable for researchers in various fields (medical science, chemistry, pharmacology, agricultural biology etc.) from around the world.
